# KNOW WHAT YOU'RE GETTING

Buying a pre-owned vehicle can be a frustrating, to say nothing of risky, business. To be thorough, you'll need to check your potential vehicle's ownership and service history along with ensuring you have a trained technician give it a fine-toothcomb check. Alternatively, you can simply select a Toyota Certified Pre-Owned Vehicle and enjoy all of the following:

## The Security of Certification

Not every used Toyota can be a Toyota Certified Pre-Owned Vehicle. A Toyota Certified Pre-Owned Vehicle will undergo an extensive quality inspection including mechanical, detailing and appearance standards. The vehicles that pass this phase will then be certified by a Toyota technician.

Naturally, these specialists know Toyota cars inside out so when they give a vehicle the thumbs-up you can rest easy knowing it's in excellent condition. It also means we have enough faith in the vehicle to offer some very special extras.

## **Peace of mind**

All Toyota Certified Pre-Owned Vehicles are protected by any remaining factory warranty. However, there is also cover for those vehicles sold outside of the factory warranty period.

Unlike buying a pre-owned car from a private seller, depending on your circumstances, Toyota Certified Pre-Owned Vehicles may also come with the Statutory Warranty provided by the Toyota Dealer\*.

## **We leave nothing to chance**

When you drive away in a Certified Pre-Owned Toyota you can be as sure of its past as you are of its future.

All Toyota Certified Pre-Owned Vehicles come with a full service history. This helps to ensure the vehicle has been maintained to factory specification. They also have a rigorous CarHistory® check, searching Australia's largest database of consumer and business credit records.

### **Your CarHistory® check will contain:**

- A PPSR Certificate which is a check for financial encumbrances.
- A written off vehicle check.
- A stolen vehicle check.
- A flood and storm damage check.
- An odometer wind back check.

## **At your side 24/7**

No matter how good your Toyota Certified Pre-Owned Vehicle is, things can still go wrong from time to time.

You get a flat tyre, your battery runs flat or you lock your keys in the car. So if you buy a Toyota Certified Pre-Owned Vehicle we'll give you one year's worth of Toyota Roadside Assist<sup>^</sup>. It's available 24/7 for 365 days a year and all it takes is a phone call.

### **Your Roadside Assist works like this:**

- Coverage begins from the date of Toyota Certified Pre-Owned Vehicle delivery.
- It covers services such as flat tyres, lockout service, jump starts, towing and petrol delivery.
- It provides towing to the nearest Toyota Dealership.

## More peace of mind, more ways to save

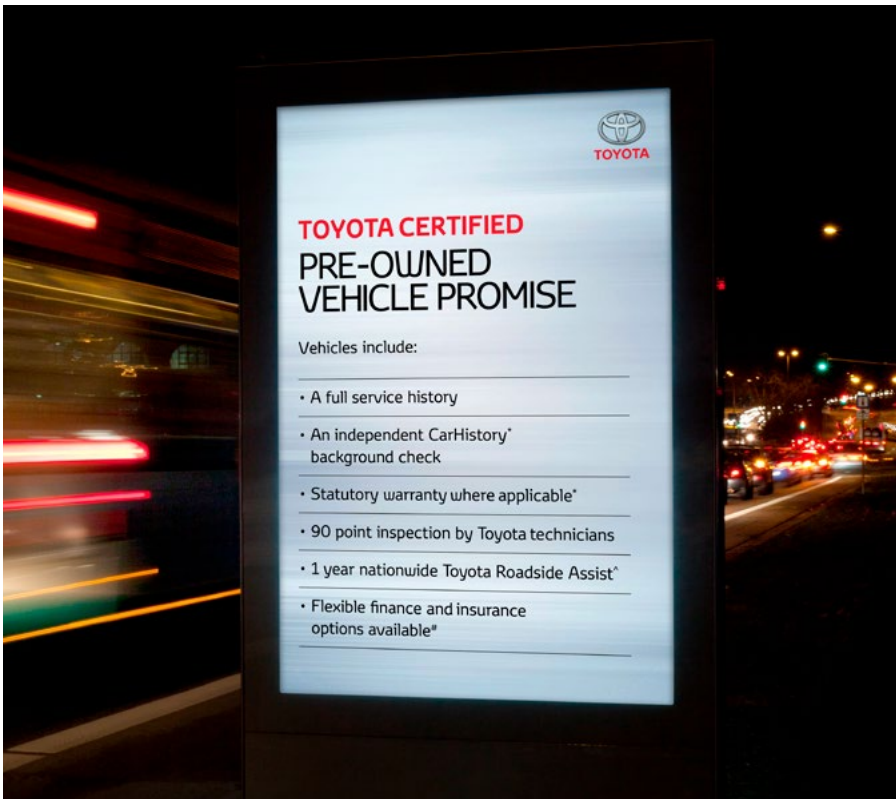

If you buy a Toyota Certified Pre-Owned Vehicle with remaining scheduled logbook services, you'll also enjoy the advantages of Toyota Service Advantage<sup>†</sup>. That means you'll pay the same low price from one logbook service to the next, depending on the amount of eligible scheduled logbook services remaining.

## Your Toyota Service Advantage works like this:

- It covers the remainder of eligible scheduled logbook services including all items covered in your service schedule such as labour, fluids, and Toyota Genuine Parts with a 12 month warranty.
- It offers you the same low capped price service for all remaining eligible services.
- It ensures that Toyota technicians work on your car using specialist Toyota diagnostic equipment.

## Our promise to you

Buying a pre-owned car can be time consuming, frustrating and worrying. There are a host of things to look out for and no matter how thorough you might be, a private seller may not be able to give you the sort of value or back-up Toyota can. So see your Toyota Dealer about a Toyota Certified Pre-Owned Vehicle.
